1. Introduction

- 1.1. Social media is the term for online tools, websites and interactive media that enable users to interact with each other by sharing information, opinions, knowledge and interests.
- 1.2. It sets out how authorised staff must behave when using the Council's social media accounts.
- 1.3. It also explains the rules about using personal social media accounts at work and describes what staff and councillors may say about the Council on their personal accounts.

2. Why this policy exists

- 2.1. Social media can bring significant benefits to Pembury Parish Council, particularly for building relationships with local residents. However, it is important that employees and councillors who use social media within the Parish Council do so in a way that enhances the Parish council.
- 2.2. All employees, councillors and volunteers are expected to comply with this policy at all times to protect the privacy, confidentiality and interests of Pembury Parish Council.
- 2.3. A misjudged status update can generate complaints or damage the Council's reputation. There are also security and data protection issues to consider.

3. Policy Scope

- 3.1. This policy applies to all staff, councillors, contractors and volunteers at Pembury Parish Council who use social media while working – no matter whether for business or personal reasons or if it takes place on company premises or while working from home.
- 3.2. Social media sites and services include (but are not limited to) Twitter, Facebook, Instagram and LinkedIn.

4. Responsibilities

- 4.1. The Council has overall responsibility for the effective operation of this policy.
- 4.2. Everyone who operates a Council social media account, or who uses their personal social media accounts at work, or when working from home, has some responsibility for implementing this policy.
- 4.3. In any biography or Social Media account where the councillor is identified as a councillor, the account should state that the views are those of the councillor in question and may not represent the views of the Council. Use of the Council's logo on a personal account or website should not occur.
- 4.4. When commenting online on any matter relating to the Council, councillors should identify themselves as a councillor and make it clear whether or not they are representing the views of the Council. Councillors must not make anonymous posts nor use a pseudonym to hide their identity.
- 4.5. Councillors are personally responsible for the content that they publish on any form of social media. Publishing or allowing to be published (in the form of a

comment) an untrue statement about a person which is damaging to their reputation may amount to libel.

4.6. The Clerk is responsible for monitoring and reviewing the operation of this policy and making recommendations for changes to minimise risks to the Council's work.

4.7. Questions regarding the content or application of this policy should be directed to the Clerk.

5. Basic Advice

5.1. **Know the social network** – become familiar with the social network before contributing. Read any FAQs and understand what is and is not acceptable on a network before posting messages or updates.

5.2. **If you are unsure – don't post it** – err on the side of caution when posting on social networks.

5.3. **Be thoughtful and polite** – observe the same level of courtesy used when communicating via email.

5.4. **Look out for security threats** – be on guard for social engineering and phishing attempts.

5.5. **Do not commit the Council to an action without checking** – direct any enquiries to the Clerk.
